

Elevate Partner Transparency

Leverage the most robust platform for third-party automation and management

Diligent’s Third-Party Risk Management — Compliance systematizes the onboarding and monitoring of third parties using an intuitive workflow platform that automates compliance processes with a model that can grow with your organization’s changing needs and the evolving regulatory landscape. Diligent’s Third-Party Risk Management — Compliance’s ease of use, fast implementation and scalability are a few of the reasons that it is the most widely used compliance platform to onboard and continuously monitor third-party business relationships.

From risk model deployment to automated renewal processes, Diligent’s Third-Party Risk Management — Compliance’s configurable platform helps you feel confident that your program is built with integrity, security and accountability.
